9 January 2014

Dear Annette,

Once again I write to you with my sincerest gratitude and thanks and also on behalf of all 246 children and parents of both 101 and 33 Engineer Regiment (Explosive Ordnance Disposal) that attended a most wonderful and unforgettable day in Cambridge last Sunday. We could not have asked any more of your coach drivers. They were excellent; punctual, courteous and professional. You contributed in making our families feel extremely special. It was a truly humbling experience and a day that will be remembered for a very long time. The kindness, extraordinary generosity and friendship shown by our local community has truly touched the hearts of us all.

With best wishes,

Jack

Wednesday 16 January 2013

Dear Annette,

On behalf of the Rotary Club of Saffron Walden, I should like to express our sincere thanks for your most generous terms offered towards the Carver Barracks Family Outing.

2012 was an extremely difficult year for the families of the soldiers returning from performing their most dangerous task in the army – that of bomb disposal in Afghanistan. Instead of enjoying a well-earned rest and spending time together with their long suffering families, the soldiers were immediately deployed to the Olympic Games. Holidays were cancelled and all plans were put on hold. When the Rotary Club of Saffron Walden heard about this we felt that something should be done to cheer them up.

Your assistance helped us to provide them with a much needed day out and as you know we decided on a trip to the pantomime at the Cambridge Arts Theatre followed by tea at the Guildhall.

It gave us the opportunity to serve and look after them for a change and it gave them the chance to have a day out together with their families.

The reaction was wonderful and very humbling. They loved every moment of it, the children were marvelous. We have received so many thank you letters that we are quite overwhelmed and feel very humble that this event has been so well received.

I enclose a photograph taken in the Guildhall.

Thank you, for your generosity, all helping us to make this possible.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "J Buss".
